CAUTIONS

1. Store and use this product in a normal temperature environment.
2. Do not expose this product to rain or humid environments.
3. Do not drop or throw the product to avoid damage from falls or impacts.
4. Do not disassemble or modify this product.
5. Do not discard the product casually, nor place it in high temperatures (above 60°C) or near fire, as this may cause danger.

HOW TO USE

Function	Operation
Turn On	Open the charging case; earbuds will automatically power on and enter pairing mode.
Turn Off	Place earbuds into the charging case and close the lid.
Pairing Management	Place earbuds for first-time pairing: Open the case and press the bottom button for 3 seconds. The case indicator will flash white to enter pairing mode. Previously paired devices will reconnect automatically when the case is opened.
Answer / End Call	Single tap left/right earbud
Next Track	Double tap right earbud
Reject Call	Press and hold left/right earbud for 2 seconds
Previous Track	Double tap left earbud
Play / Pause	Single tap left/right earbud
Music / Game Mode Switch	Triple-tap
ANC Mode Toggle	Press and hold left/right earbud for 2 seconds
Restore Factory Settings	Put the earbuds into the charging case, press and hold the charging case button for 10 seconds. The red LED flashes twice, then switches to white breathing light.

FCC WARNING STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

This device has been evaluated and found to comply with the FCC RF exposure

FCC Warning Statement

limits set forth for an uncontrolled environment. The device can be used in portable exposure conditions without restriction.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
